

To help with the running of the events we ask that each school supplies a Team Manager and a holder to help with the starts. You are welcome to swap people in and out between each round of racing.

Arriving at the Velodrome

Could all Team Managers please assemble their riders outside or in the foyer, sign their school in together at the Avantidrome reception then make their way to the track centre as a team.

The Teams Pursuit racing will start later in the day with Italian Pursuits qualifying rounds up first. If you plan to have your Teams Pursuit members arrive later there will be an **11.15am warm up.** Please have them assemble as a group with a Team Manager and sign in at the Avantidrome reception then make their way to the track centre as a team.

Identification passes will be issued to Team Managers & Holders to access the centre of the Velodrome and can be swapped out during the day between sessions. We will be restricting access of parents without one of these passes for health and safety reasons. Children not competing are not permitted in the centre but are welcome to cheer from the spectator seating on level 2.

Please supply the names of the Team Manager and start holder to reception by return email by Thursday midday.

Start Times

Italian Pursuit Warm Up from 9am

Racing will start at 10am

Team Pursuit Warm Up from 11.15am (Approx)

Racing will start at 11.30am

Each Event is for teams of 4 riders.

If your team has more than 4 riders i.e. a team of 5 or 6, it is recommended that the team manager swaps out riders so each member can ride twice.

Qualifying Rounds

Each team will take to the track one team at a time for safety reasons.

After qualifying, teams will be matched up against other teams starting on either side of the track. If the time differences are too great between teams, some may ride individually for safety reasons.

Following Team Pursuit Qualifying we will have Round 2 of the Italian Pursuit, then Round 2 of the Team Pursuit, followed by the finals.
